

Electronic Fax Service

Safe, Secure, Convenient

nexVortex's electronic fax service is the most convenient and reliable fax solution for business customers on the market today.

With the option to send and receive faxes as attachments via email or from our secure fax portal, our solution provides the ultimate in convenience. No longer will a fax be missed due to a fax machine being busy, offline, or out of paper.

This aggressively priced solution saves you money, moves you to modern-day fax transport, and supports the option of using 100% electronic fax or keeping your old fax machine.

Pricing

- › \$17.99 per month, per account. Includes 1 fax number (new or ported).
- › Includes 200 outbound pages and 200 inbound pages.
- › Additional pages over the 200 page allotment are charged at 3.5 cents/page.

Options

- Retire Your Legacy Fax Machine*
 - › Utilize electronic fax service for all faxing needs.
- Keep Your Legacy Fax Machine*
 - › Gateways (1 per fax line) can be purchased for \$199.

Convenient & Secure

- › Encrypted transmission and document transfer with storage in secure data center.
- › Stored faxes are conveniently searchable by tags.
- › Keep your existing fax numbers or order new ones.

At a Glance:

- › Available 24x7 with fax storage and retrieval
- › Incoming faxes are received in the user's email inbox and sent outbound as an email attachment
- › Faxes are accessible from any device (mobile phone, tablet, PC)
- › Supports all common file formats
